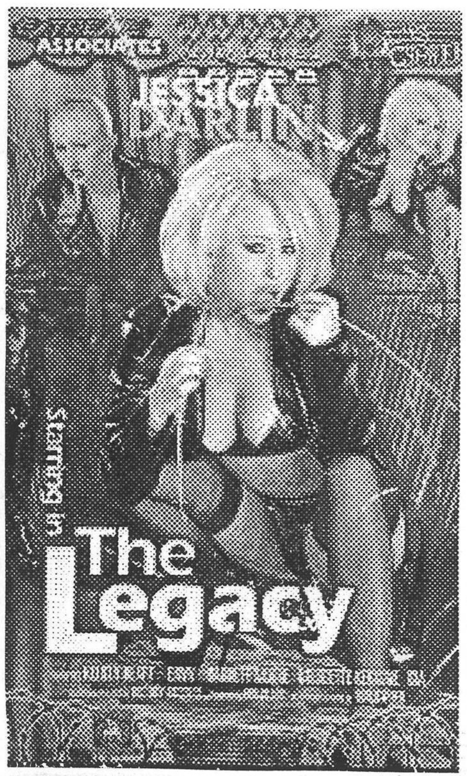
# HARDCORE?!



"An Extreme Associates Production. The Legacy Staring Jessica Darlin, By Luis Cypher, Soundtrack By Victory Records!! "

we would like to extend a special note of congratulations to the Victory Records marketing department for finally realizing the synthesis of hardcore porn and hardcore punk. the idea of combining depersonalized, mass marketed, lowest common denominator 'punk' with depersonalized, mass marketed, lowest common denominator sex has a brilliance that most mere mortals can only aspire to.

Salut!

## RUINATION SIDE A

### INTRO/BURNOUT

Three hours sleep and a knot in my gut, something's coming on but I don't know what. Nervous exhaustion, my only friend, watching the sun find me here again. Can't think straight but what the fuck is new? Losing my grip and there's nothing I can do. Nervous exhaustion, a void in my brain. Dead on my feet like a fucking machine. I can't wind down, I cant shut it out, I can't think straight, born to burn out. Day in. Day out. Day in. Day Out. For what?

### HERO/SUSPECT

Another headline, another waste of time. Another "Cop Cleared In Shooting Death of (Your Name Here)" Illegible letters etched into stone. To Serve And Protect Till I Get You Alone. One way relationship between powerful and powerless, and you wonder where we get the idea that it's us versus them. FORCED ORDER IS NOT ORDER. I'll never understand what a badge does to a man. Become the Law. Become the Law. Become the Law. Above the Law. Give me a reason…and I'll trust.

### THE ONE THAT GOT AWAY

I'm sorry your friend got a crab in his eye. That's such a good story and I'm grateful to hear it for the tenth fucking time today. I love to hear about all of your conquests, especially the ones you have to pay for. It lets me know you're a real man, playing for the right team and all.

### NO ONE HOME

Buy the big house, but the fast car. Die for the toys that define who you are. The trophy wife and the 2.5. Don't it feel good to be alive? Use and be used, strive and compete, trust in the promise to make you complete. Use and be used, strive and compete, buy it all up and stop at nothing, no one. Nothing/No one…is ever enough. You named your price, so it seems, and they sold you all these rotting dreams. Commodify and buy protection, mount it up there with your collection. Nailed shut in your tomb. Another object to be consumed. You've got it all but you're still alone, the lights are on but no one's home. How much is enough?

bulldogs stolen from Chain Reaction zine. recorded at Cloud City. mastered at Metropolis. pressed at United on 500 copies of varying shades of this swirled vinyl. 100 copies with this Chicago fest cover, 100 copies with the Toronto cover, 300 copies with the European cover. most likely will not be repressed with this same mix. Anton lifts weights everyday and you wouldn't believe how much he eats, yet has no problem maintaining his figure. some guys have all the luck.

## RUINATION SIDE BLANK

### ESCAPE//~CONTROL

Swallowed whole by information, lines of data call the shots. Life decoded and reconfigured. Welcome to your Brave New World of dehumanized transactions, outmoded interactions. Mesmerized by our creations. Why can't you be more like a machine? Mother died giving birth to a monster, an electric smile upon its face. Mass abortion of our conscience, sucked our last breath with it's first. Signed away the hassles of the flesh, waiting for the sky to fall, for a bloodless, faultless nonexistence guaranteed to kill us all. Swallowed Whole.

### FROM BAD TO WORSE

From bad to worse and you're still here. Same old shit year after year. Mark your territory, weakness is defeat. It's the real pecking order of the Trailer Elite. Think hard, walk proud, stand fucking tall. Big man, out of hand, headed for a fall. And if you look you'll always find a bigger big man right behind you.

### NO ONE TO SAVE YOU

No one to save you from lies and betrayal. No one to save you when all your plans fail. No one to save you from rot and decay. No one to save you from wasting away. Nobody there at the end of the day. No one to care that you pissed it away. No one to save you and nothing to cling to now.

### ROLL OVER AND DIE

I'm supposed to understand. Be the one-way helping hand. I think you forget, I'm in the same world of shit. Society's victim, would you do the same for me? (No.) It's not a matter of give and take. Just a little game we play. My pity won't give you a spine. And it won't exempt you from trying. You've fallen and you don't want up. Stand up and fucking fight for it, or lay down, roll over and die...but don't expect me to comply.

# DO NOT SUPPORT

# EMPIRE OF ONE

ON JUNE 10, 1999 AT EMPIRE OF ONE IN FLINT, THE OWNER, MARK PHILLIPS INTERRUPTED A SHOW AT HIS SKATE SHOP/ CLUB BY THROWING PORN AT THE FEMALE SINGER OF A LOCAL BAND WHO HAD JUST SPOKEN ON HER OPINIONS OF THE ISSUE. WHEN CONFRONTED ON HIS ACTIONS, HE EXPRESSED HOW HE "LIKES TO SEE WOMEN IN PAIN," AND IF A WOMAN HAS BEEN RAPED BEFORE, THAT "SHE DESERVED IT."

DO YOU WANT TO SUPPORT SOMEONE WITH THIS MENTALITY? DO YOU WANT TO GIVE YOUR MONEY, YOUR TIME, YOUR SCENE TO SOMEONE WHO CAN LOOK INTO A WOMAN'S EYES AND SAY "IT'S NO WONDER WHY THAT HAPPENED TO YOU?" DO YOU WANT TO SUPPORT SOMEONE WHO WAS HEARD SAYING, "I JUST PUNCHED TWO GIRLS IN THE FACE AND I FEEL FUCKING GREAT!"

IF NOT, DO NOT SUPPORT (SHOP, GO TO SHOWS, BOOK SHOWS, ECT.) AT EMPIRE OF ONE. INSTEAD CALL, WRITE, TALK IN PERSON TO THE OWNER (MARK) ABOUT YOUR OPINIONS OF THIS MATTER. LET HIM KNOW THAT WE CANNOT, WE WILL NOT, LET SOMEONE WITH THE MENTALITY OF A RAPIST BE PART OF OUR COMMUNITY.

THANKS,
**THROUGH OUR EYES**

# When passion is absent our screams are worth nothing.

We are organizing a protest at the Home Depot on Telegraph /Orchard 4 in Pontiac. We really need your help to make this a successful demonstration. It will be held **August 21, 1999**. We will be meeting in the back of the parking lot @ **2:00 p.m. (SHARP!!!!!!!!!)**

We will be protesting Home Depot because:

-Home Depot is the largest single retailer of old growth rainforest wood and wood products on Earth.

-Rainforest destruction contributes 25 to35% of global warming gases to the atmosphere.

-Indigenous people have been killed by loggers seeking timber.

-The United States has already lost 96% of its old growth forests.

-We already have the technology to reduce our wood consumption by 75-90%.

-Despite Home Depot's promises to stop using old growth rainforest wood they have continued to use it to this point and have admitted they made these promises only to stop protests that were occurring across the country.

Once again, we need your support to pull this off. Please be there.

For more info on Home Depot go to www.homedepotsucks.com

For more information on the protest call Casey (248) 674-2894 or Mark (810) 636-7399.
For directions call Home Depot @ (248) 253-8900

MEGA THANX FOR SENDING THE LYRICS TOO [illegible] ARE JUST AS, OR MORE IMPORTANT THAN THE MUSIC)

So you like Population control! That's cool - they're gonna be on the 7" comp I'm PUTTING OUT. I'm SENDING YOU OUT A TAPE OF THE STUFF WE RECORDED IN THE STUDIO. ALSO ON IT IS THE POPULATION CONTROL stuff that'll be on the 7". It was pretty cool to record in A studio. It was a bit overwhelming at first but once we got into doing it, it was really cool. Anyway on the tape I didn't want to waste space so I filled up the whole tape with some of my favorite tunes for you, I don't know if you have any of it or not - if not enjoy - if so well no big deal. We're getting ready to do stickers/patches soon, I'm getting screen for patches from our drummer Jon (he works at a screen printing shop so he just steals it - which saves us some cash!) As far as stickers I just have to make up some new desi we got some excellent semi-gloss sticker want to do really good stickers so w waste it. You know what I mean? W better come to PA soon! - Take Care ♡ J

- DOSAGE-Try to eat as little as possible before taking the mushrooms,when you'r on a "mushroom trip" you will want to be in a mellow,safe and relaxed place and state of mind 0.5 GRAMS FOR A MILD TRIP OR 1 TO 1,5 GRAMS OF DRIED MUSHROOMS FOR A STRONG TRIP.( NEVER TAKE MORE THAN 0,5 GRAMS THE FIRST TIME TO TEST YOUR SENSETIVITY).
- "THE TRIP"-The magic mushrooms will bring you to a dreamy,lightly hallucinetic,mellow state, after 15 to 30 minutes it will start,you will first feel relaxed and happy then the mellow visualisations will slowly start and these will last from 4-6 hours depending on your dosage.
- TIPS & TRICKS-Drink lots of water,if you feel sick or do you want to neutralize the shrooms ,eat something light or take a high dose of vitamin c or something sweet. Dont smoke weed or hash while your on a mushroom trip this will increase the chance of "flash-backs",smoking a joint afterwards is no problem.
- USE-you can chew and eat the mushrooms and wash them down with some water,or make some MAGIC SOUP (cook the water ,turn the flame down and leave them simmer for about 20 min,pour the water into a glas and add soup or tea you can also eat the residu.

What! that's the stupidest thing you've ever said. who cares, and futher more...
